Dear parents,

This summer, our camp is participating in an exciting research project called the Effective Camp Project. The study is designed to assess the impact of the summer camp experience. We are one of more than 20 United Methodist camps participating this summer. As part of this study, campers will be asked to complete a short questionnaire on the first and last days of camp. These are very short and can be filled out in about 5 minutes so as not to take time away from the camp experience. A third questionnaire will be sent to campers after they return home from camp. No names or other identifying information of campers will be used in any research documents or publications. If you consent to allow your child to participate in this research project, please sign below and return this form to camp. Your child will also be given the opportunity to consent or opt out of the project. There is no penalty or reward for participation or non-participation. This is totally voluntary.
